DRAYTON VALLEY ALBERTA

JULY 23, 1959.

Vol. 4, No. 29.

A. Playford, Publisher.

Plan Early Start On \$45,000,000 Dam

In October, 1956, the announcement was made that survey parties had gone into the remote area south-west of Lodgepole to begin extensive surveys in the Brazeau River area a few miles upstream from the point where that river flows into the North Saskatchewan River. At that time two groups of Calgary Power survey parties went in to the vicinity, one going in by foot from the south, from Rocky Mountain House, and the other going in over a seismic trail from Lodgepole. After extensive surveys in the area for almost three years Calgary Power Ltd., recently announced that an immediate start would be made on the first phase of the huge project, which may eventually cost around 100 million dollars. The initial development is estimated at about 45 million dollars.

The Provincial government is also interested in the undertaking as the project will act as a water-storage dam as well as a hydro power dam. The dam will assure a more uniform flow of water down the North Saskatchewan River in the winter time and will help eliminate the present serious pollution problem which faces the City of Edmonton and the cities down the river from Edmonton. A road will be built in from Lodgepole, with construction slated to start at once, into the damsite, which is about 20 miles south and west of Lodgepole. The site of the Big Bend dam is about 30 air miles from Drayton Valley. It is expected that construction of the huge earth fill dam and other phases of the project will take about four years.

July 23-1959

FOOD FOR THOUGHT.

Dr. Dennis Belling.

Howdy Folks! "You all" have your boots and saddles all shined up? Yep, it's hearing rodeo time in Drayton Valley and we drug store cowboys and cowgirls will have a chance to join up with the boys from the open ranges and really 'go western', complete with white Stetson. Things have really been buzzing the last few days in preparation for the 12:30 p.m. Parade on July 31st, also two rodeo performances July 31st and Aug. 1st, and three dances with Gaby Hans July 30, July 31st and Aug. 1st. They tell me that there are to be a lot of very interesting and pretty parade entries and I know of several different groups that have been working like fiends to get their floats ready. There will also be decorated bicycles, major-ettes, high steppin' horses, pretty girls and all the other things that make a good parade. Let's hope that we get nice weather; a rainy day or days could raise havoc with some of our fun. Come "what have you" or high water there will be the three dances and there will be plenty of room for all of you as we'll strip the light fantastic on the new satin finish cement floor at the Curling Rink. How nice that place looks now, but believe me, there were a bunch of very tired Lions and Curling Club members as they worked hard and very long hours on the hottest days just to get that floor poured so it would be ready for the dances. I believe the dance tickets for Thursday the 30th, and Friday the 31st, cost \$1.00 per person, BUT on Saturday night, August 1st, you'll get more than your money's worth. Admission to the dance on Saturday night is included in the purchase of a ticket on that pretty hot, motor and trailer that the Lion's Club will turn over to the lucky winner that night. Boat tickets are only \$1.00 which gives you a chance on the boat, admits you to the dance and you'll also get to see the awards for the champion bands. Beard competition should be keen as there are some mighty fancy chin growths around these parts.

If the rodeo events are as good as last year's then it will be an excellent performance. We've seen a lot of rodeos in Texas and elsewhere, including the Calgary Stampede but for performance and good stock, last year's show in Drayton Valley was as good as any we've seen and it will be the same setup this year, with a few additions, mainly the girls' barrel races. Whatever you do, don't miss the cutting horse events. An animal doesn't have to be very smart to be smarter than I am, but the cutting horses are the most intelligent and beautiful animals you can ever hope to see as they go about their job of cutting out a calf from the herd and keeping the calf isolated for the required length of time. The rider has little to do but slide grace and some 'know how' to this event that requires patience and precision.

I know so many surprises that will be happening during the Rodeo Days that I'm bubbling with the desire to 'tell somebody', but I don't dare! All I can say is that I feel sorry for the folks who are away on their holidays and won't be here to have fun with us. If you folks who are here don't get out to see and join in the festivities then I hope you spend a very boring time at home and I don't feel a bit sorry for you! The least you can do is take the kiddies out to the rides on the Midway. Once you get that far you won't be able to resist the rest of it. Oh, boy! I can smell the hot dogs and hamburgers now!

During rodeo time in Texas it's a popular custom to have 'get-togethers' and serve what they call 'Son of a Gun Stew', but I haven't the heart to give that authentic recipe as it originated when cowboys were

(next column)

FOOD FOR THOUGHT (continued)

rounding up cattle out in the wide open spaces and one big kettle and a 'round' bonfire were the only facilities necessary. The things they put in it—up! Texans proved to me they were a rugged bunch when I saw them eating the stuff. I turned a bright green just watching them so I can't say whether 'Son of a Gun Stew' is good or not and I doubt if I'll ever know. So I think we should settle for a sturdy recipe but one that our more delicate nature can cope with. Let's try a ham loaf and mustard sauce. You can make it before rodeo time and, as it's good served hot or cold, it will be ready when you dash home between the Parade and the afternoon events or before you go to one of the dances. If you are serving this loaf hot then a casserole of scalloped potatoes can be cooked at the same time, or if you cook it ahead of time and plan to slice it cold, prepare your favorite potato salad recipe in advance and refrigerate the salad and ham loaf and you will have a tasty man sized meal awaiting your beck and call.

Baked Ham Loaf and Mustard Sauce.

1 lb. lean ham, ground; 2 lb. lean fresh pork, ground; 1 cup cracker crumbs; 1 cup tomato sauce; 1 cup milk; 2 eggs.

Mix the ingredients as you would a regular meat loaf and bake at 400 to 450° for one hour. Serve it with the following mustard sauce:

2 cups bouillon soup (Oxo is alright); 2 cup sugar; 2 cup prepared mustard; 1 egg yolk; 1 cup vinegar; 1 teaspoon butter; 1 teaspoon flour.

Mix and cook over low fire and stir until it thickens a little.

As they say out on the prairie, "Will be mighty proud to see you all in our camp on July 30th, 31st, and August 1st, "We're fixin' t have a shoppin' and hollerin' good time!"

DRAYTON VALLEY HIGHLIGHTS

By: Edith Deby.

Mr and Mrs William Chisholm and family visited in Drayton Valley for a few hours last Friday afternoon. The Chisholms' now live in Sherwood Park.

Mrs Somers, sister of the late James Truckwell, was the guest of Mr and Mrs William Wollschlaeger for several days last week. Mrs Giddings and the Wollschlaegers escorted Mrs Somers about the neighborhood to meet friends of Mr Truckwell. They also visited the Drayton Valley Hospital. Mrs Somers expressed her pleasure at the efficient use made of the money she had donated to the hospital in her brother's memory.

Mrs Mary Reynolds was a patient in the local hospital for some time because of an infection in her hand. She was well enough to return to her home at Rayford last week.

Mr and Mrs Leonard Barnard have purchased a lot on the south west side of town and plan to start construction on their house within a month.

Visiting in Drayton Valley for a few days recently was Rev. and Mrs. Sayers and their two children, Billy and Mark. The Sayers were guests of Rev. and Mrs. Albion Wright. Rev. Sayers was minister in the Drayton Valley United Church for a number of years. While he was here the church building was erected.

THOUGHT FOR TODAY: (From Calgary Power Company magazine 'Relay'): Why can't life's problems hit us when we are 17 and know everything?

HIGHER AND BETTER THAN EVER! That the Lion's 1959 Rodeo in Drayton Valley, July 31 and Aug. 1st.

Drayton Valley, Alta.

THE DRAYTON VALLEY GROCETERIA

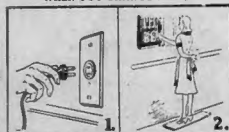

Electricity Is Safe

If you use common sense

COMMON SENSE RULES:

1. Employ a competent electrician to wire your home and farm buildings.
2. Use approved appliances, equipment and cords.
3. Never handle cords nor equipment with wet hands or while standing in wet places. Almost all places are wet enough to cause a ground for electricity. Wood and concrete floors have moisture in them.
4. Be familiar with directions for use of each piece of equipment—and operate it according to these directions.
5. Extension cords should not be run under rugs, over stoves, nor ground pipes or radiators, nor out-of-doors.
6. *Always* pull the plug—and the cord > a disconnecting equipment.
7. *Always* replace a blown fuse with another of the same rating. Never use anything else as a substitute for a fuse.
8. Never touch exposed wires until you have turned off the power.
9. Call the nearest power office whenever your own service or the power line goes dead.
10. Always ground portable tools such as drills, hand saws, sanders, etc. before plugging in.
11. When moving tall machines or out-buildings, make certain there is ample room under all power lines.
12. Infra-red heat lamp installation should be of the best workmanship and material. Lamps should be suspended by chain or heavy wire, never by the cord. They should have heat resistant porcelain receptacles. Lamps should be protected from moisture and mechanical injury by a reflector top and hoop style guard underneath.

WHEN YOU CHANGE A FUSE

1. Locate and disconnect lamp or appliance responsible.
2. Locate blown fuse while standing on dry board.
3. Unscrow, being careful not to touch any part of live wire. Replace with new fuse of correct ampere rating.

Note: Use 15 ampere fuse for ordinary household or lighting circuits (No. 14 wire). 30 ampere fuse can be used with No. 12 wire.

Remember - July 19th to 25th is FARM SAFETY WEEK

CALGARY POWER LTD.

HELPING TO BUILD A BETTER ALBERTA

These hairy boys are well along in the running for a prize in the Lions Rodeo Beard Contest. Not all of these contestants are Lions, as the contest is open to anyone of the masculine persuasion who cares to enter and let his beard grow.

In the back row, left to right are the Bartlett, the MacMillan, Art Klotz and Bill Broadway. In the front row, left to right, are Ikon Herman Welles, Ikon Mike Ron and Ikon Johnny Shewchuk.

Some of the young bucks have been getting in on the contest too! When last seen Don Disney and Kent Williamson were sporting real chin foliage.

ATTENTION is called to the change of time for the Parade marshalling and starting time. Marshalling will begin in front of Calgary Power Office at 11:30 a.m. and the Parade will start at 12:30 p.m. Enclosed is a sketch of the parade route, which will begin at Calgary Power office, go west to the Dairy office, then turn north to McFarland Lumber Co. where it will turn west past the hotel to Rumbin Druggists, at which point it will turn south to the Bakery; there it will turn west past the cemetery, a short distance south to Supply Road, where it will proceed west to Stewart Motors, just east of the highway, at which point the parade will disband.

A large number of Parade entries have been received to date, and Parade Marshal, Jim Glensiek, expects that there will be quite a number more who enter floats as the time for the Rodeo draws nearer. Any who wish to enter may contact Mr. Glensiek at 33 or 407, or Gordon Bowman at 108 and enter the contest. Prizes for Commercial and Industrial floats are \$25.00 1st, \$15.00 2nd, and \$10.00 3rd. Decorated Bicycle 1st is \$5.00 2nd, is \$3.00 and 3rd is \$2.00.

Tickets for the prize hotel luncheon and afterwards are selling well; each entitles the holder to attend the Saturday night dance when the final draw will be made. Any Lions Member or Business place in Drayton Valley have tickets for sale.

O.O.R.P. REPORT.

A very successful club year was held for the Drayton Valley Ladies of the Royal Purple #196; offices being held by:

Honoured Royal Lady..... Gladys McMorris.
Loyal Lady..... Muriel Boles.
Associate Lady..... Marion Palmer.
Lecturing Lady..... Marjorie Lindsaog.
Secretary..... Bileen Belva.
Treasurer..... Elsie McManus.
Conductress..... Lili Mayhew.
Inner Guard..... Donald Smith.
Outer Guard..... Norma Wall.
Chaplain..... Elva Williams.
Historian..... Marjorie Creelman.

We would like to thank the residents of Drayton Valley and surrounding districts for their patronage in donating towards our various projects.

The order had a very successful club year with many large projects completed. A lovely incubator was donated to our local hospital; nurseries to Grade eleven for highest standing in mathematics, also a nursery to grade twelve for highest standing in Language; Public Address System and Drapes to our Bro. Elks Community Hall; a large donation to a burned out family of Drayton Valley; Purple Cross Fund, Library Fund, decorating and furnishing girls washroom at the Scout Hall.

We would like to thank our Bro. Elks for their assistance and cooperation in furthering the cause of JUSTICE, CHARITY, LOVE and FIDELITY.

Marjorie Creelman Historian.

Ed. Note: Enclosed with the O.O.R.P. report was a picture of the presentation of the incubator to the hospital. In the picture is Honoured Lady McMorris, Hospital Matron Mrs. Jahnke and Secretary Lady Belva.

HERE AND THERE.

No doubt working on the theory that if a little was good a lot must be much better Frank Yakinovick of Mobil Oil drove his truck into the river to wash it recently. However, the truck went into an unknown pot hole and disappeared from sight below the swirling waters. Divers Merv. Winnon, Blair Wilson and Nels Anderson were engaged to put grappling hooks on the submerged vehicle, which was then winched up and out of the river depths.

A new business got underway in Drayton Valley recently when Helen Robbins opened "Helen's Flower Shop" at the location between Imperial Lumber yard and the P.N.A. office. She will carry different kinds of cut flowers (next column)

under refrigeration. Should be handy for parties, sickness, etc.

Jack Hepburn, of Warton, Ont. is visiting with the Bob Landers family. He is a relative of Granny Landers.

Recent returnees after visiting other spots on the North American continent are Rex and Dorothy Burrows, (Kelowna, Spokane, Yellowhead Highway, etc) Mr and Mrs Lorne Stevenson, (Manitoba and northern Sask.), and Mr and Mrs Ron Carter (Regina, Rollo, Sask. etc.) Seems like at least one half of D.V. has either just returned from vacationing or is just going.

Visiting the Elmo Holders for two weeks recently were Mr and Mrs Randall Harmon, of Houston, Texas. In Houston Mr Harmon is a manufacturer of trailer fixtures.

New production manager for Cal Standard here is L.C. Stevens.

Goliad Ltd are reported to have obtained a three acre tract of land just north of Pan American Petroleum's office. They plan to erect offices there.

A FEW ITEMS OF INTEREST ABOUT THE BIG BEND DAM:

It will be an earth fill 10,000,000 cubic yard dam, two miles long.

It will create a reservoir in the Braseau Valley which will contain 900,000 a. feet of usable storage water. 37 square miles in area.

1959 RODEO EDITION

PROPOSED CIVIC CENTRE - DRAYTON VALLEY.

Each year, since 1956, the Pembina News Advertiser has put out a special Rodeo edition. We wish to thank all those who have extended greetings to the visitors to Drayton Valley's 4th. Annual Rodeo through the medium of this paper. This year the Rodeo has been sponsored by the Drayton Valley Lions Club, and they have worked very hard to make it a big success. Whatever money they might make on the affair will go into worthwhile community projects. Through the untiring efforts of the Drayton Valley Curling Club and the Lions Club members this year a new "first" has been added to the Rodeo attractions..... 10,000 square feet of satin-smooth dance floor in the Ring; and the Lions will utilize it for this special event with three dances, a pre-Rodeo dance on Thursday night, and one on each of the two Rodeo nights, Friday and Saturday, to the music of Gaby Haas and his wonderful band.

Many things have taken place, or are in the process of taking place in the year that is past since last Rodeo time...hundreds of new permanent citizens added to the Drayton Valley population and hundreds of thousands of dollars worth of new buildings. To name but a few.... there is the new building to house the Royal Bank of Canada, the huge Hudson's Bay Company store, a nurses residence, a new church building and, shown herewith, the artists drawing of the Town Hall for the Town of Drayton Valley, which will be under construction shortly. With some 6,000 square feet of floor space on the main floor, and a basement under much of the building, the new Town Hall will supply space for various Town departments. On the main floor will be the Council chambers, with the Library adjoining. The Water Department will have office space. There will be a General Administration office, with an adjoining room for the vault and bookkeeping machine. The Health Unit will have an office. The two-bay Fire Department hall, will have sleeping facilities for on-duty firemen when and if necessary. There has been a change in the position of the Fire Hall shown in the rear of the building since the sketch was first made up; it will now be located on the west side of the building, at the rear, instead of the east-rear side as now pictured. (Further details inside)
